

## Signup fee for online courses

Online courses are free, students only pay for course administration and advice and guidance which will be provided by a teacher in a class environment plus computer usage time at IMCO Academy premises.

You may sign up for 3, 6 or 12 months time frame which during the specified period you are registered in that course and your work progress in the course would be monitored and recorded and reported to you. At academy mentor is present to guide you in using the course and answer and solve your problem. Using academy facilities and getting mentor guidance will improve your learning skill.

Even though you may use your own computer and practice online at home. We recommend, come and use academy infrastructure and discuss your problem and get solution with your mentor as well.
